Step 3

ENTER YOUR COMMENTS HERE:

We have recently moved into Russel Ranch in Litchfield Park which is part of the Agua Fria Water District of Arizona-American's water service area. We have always been accustomed to water bills of about \$50-\$70 a month. Our first full water bill (which was last month) came to \$325. As I understand from speaking with some of the neighbors, is that Arizona-American Water charges a premium in this neighborhood. With the proposed rate increase of either percent proposed, 73.1 percent or 82.89 percent (depending on the meter), that would have put our monthly water bill to approximately \$562 or \$594 respectively. This is absurd!!!! Would any employee of Arizona-American Water company stand for paying almost \$600 a month for their water? I hardly think so. This rate increase needs to be re-evaluated and their standard rates need to be adjusted per neighborhood. This is a monopoly and Arizona-American Water company should be fined for charging such ridiculous rates.
